It was with a great deal of interest that I learned of your forthcoming conference in Calgary. I regret exceedingly that I will be absent from the city during your convention but I take this opportunity of extending a most cordial welcome and conveying a civic greeting.

I know something of the charitable work being done by your association and I desire to extend my congratulations.

I sincerely trust you will all enjoy yourselves thoroughly during your brief stay in Calgary.

Yours very truly,

A. DAVISON, Mayor.

My sincerest felicitations to those attending the Western Canadian Council of B'nai B'rith and the A. Z. A. Western Canadian Convention.

You are meeting at a time when Jewry stands at the crossroads in many countries throughout the world. Not only in Germany and in what was Austria, but in too many other places do our people stand harassed and beleaguered. Only the spirit of Jewish unity and solidarity, and assurance of our consecration to their needs, can give our suffering co-religionists the courage to carry on in these dark hours of distress. The suffering of our people may, we pray, purge our civilization of hatreds and animosities, with which it is now afflicted, and may awaken the conscience of civilization and thus serve to bring to the world the essence of social justice.

Those of us who live in democracies, have a special obligation to build for a vital, constructive Jewish life, so as to make it capable of the greatest contribution to those democracies. The Jewish people must continue to make its contribution to human progress.

B'nai B'rith, in the forefront of Jewish leadership, is conscious of its responsibility to serve Israel and Humanity, and will continue to devote its resources to the discharge of that responsibility.

I extend to you my heartfelt greetings and express the earnest hope that your deliberations may be fruitful of real achievement.

HENRY MONSKY, President.

I extend my felicitations to the Western Canadian A. Z. A. for their demonstration of effective Junior B'nai B'rith work. I commend also Western Canadian B'nai B'rith for its interest in A. Z. A. At the supreme lodge meeting in Washington, D.C., it was my pleasure to report the largest membership in our history and the most active three-year period, contributable to the diligent work of the Western Canadian A. Z. A. Chapters.

As our Order grows, the A. Z. A. becomes of greater value to B'nai B'rith. It is therefore gratifying when B'nai B'rith Lodges, such as make up Western Canada B'nai B'rith, return this fraternal harmony in such full measure. I commend your past efforts and look with assurance towards your future progress.

"Best wishes for successful convention."

I am delighted over the opportunity given to me to convey a brief message of greeting, as President of District Grand Lodge No. 6 B'nai B'rith, to the Western Canadian Council of B'nai B'rith and A. Z. A. in joint Convention at Calgary.

I firmly believe that a real Christian or Jew, whether he be a Canadian or an American, is one who brings comfort where before there was despair; who feeds the hungry and clothes the naked; who enlightens the ignorant; who does justice, and who by his words and actions inspires a love for God and for man. In my opinion there is nothing greater, nobler or better on earth than mankind. The integrity of good men makes the earth more wholesome. Their

veracity upholds the world. I admire men of good will who stand for noble ideals and action, which prompts me in stating most emphatically that nothing constructive in this world ever grew up out of hatred. Bigotry and intolerance have no place under the cross of a Cathedral, beneath the spire of a Protestant Church, or within the walls of a Synagogue. No man's creed is bad if his deeds are good. Not all, perhaps, can rise to the rhapsody of the poet and so see God in their fellow-man, but all seekers of truth can find good in him if they truly seek it. Not in diplomacy, but in good faith between man and man will world peace be found. Good faith is the keynote by which the society of nations is united. The good will movements of Christians and Jews which endeavour to lead each human being to consider the need for mutual kindness, the existence of mutual rights, and the duty of protecting them—can hardly be measured in the good accomplished. Men and nations pray for universal peace and if they only thought and acted according to their hopes and prayers, then the questions put by Malachi: "Have we not one Father?" — "Has not God created us all?" would be answered by promoting peace on earth and good will to all men.

May I not express the sincere hope that the members of the B'nai B'rith and A. Z. A., respectively, will find inspiration in the Convention proceedings that will cause them to zealously promote the purposes of our Order, viz., of developing and elevating the mental and moral character of the people of our faith; of inculcating the purest principles of philanthropy, honor and patriotism; of supporting science and art; alleviating the wants of the poor and needy; visiting and attending the sick; coming to the rescue of victims of persecution; providing for, protecting and assisting the widow and orphan on the broadest principles of humanity.

Let us rededicate ourselves to these purposes and continue, as the B'nai B'rith has done for nigh on to 95 years last past, to translate each of these purposes into terms of action.

ARCHIE H. COHEN, President,  
District Grand Lodge, No. 6, B'nai B'rith.

The B'nai B'rith and A. Z. A.  
Western Canadian Conference  
Calgary, Sept. 4th and 5th,  
Banff, Sept. 6th, 1938.

On behalf of the Western Canadian Council of B'nai B'rith Lodges, I express our appreciation to Calgary Lodge No. 816 B'nai B'rith and Calgary Chapter No. 31 A. Z. A., and to the Calgary Community, for the wholehearted manner in which they undertook to act as hosts to the Second Annual Conference.

It is gratifying to know that at the end of our first year of endeavor in Council Work we should find ourselves in joint conference with our Junior Order of the A. Z. A.

This combination of forces, Junior and Senior, points to a strengthening in our organization which can only redound to the benefit of our joint objectives.

To you, my Brethren and Adelphees who have come together from the Great Lakes to the Pacific Coast, it is my wish and hope that our deliberations will result in our being aroused to our responsibilities and obligations so that the Three Cardinal Principles of our Order—Benevolence, Brotherly Love and Harmony — and the Seven of the A. Z. A. Fraternity—Patriotism, Judaism, Filial Love, Charity, Conduct, Purity and Fraternity—shall mean more than a slogan.

Never was the plight of our people more pronounced than it is to-day. My message, therefore, is a plea to the Jewish youth to follow in the footsteps of their parent organization—the B'nai B'rith.

May this Conference be instrumental in welding a still closer understanding between these two all-important Jewish institutions, to work together unceasingly for the respect of the Jewish name and the upholding of Jewish honor.

On behalf of the Moose Jaw B'nai B'rith Lodge No. 1251, I am privileged to extend fraternal greetings to Calgary Lodge No. 816 B'nai B'rith, and Calgary Chapter of A. Z. A., and wish them a successful Conference whose deliberations may be fruitful.

In these turbulent times, a meeting of men dedicated to the principles of B'nai B'rith—benevolence, brotherly love and harmony, stands out like a beacon on a dark night, lighting the way for the helpless, homeless and weary, offering hope and succor to the sick and the needy, whose brilliant glow with tenuous splendor coruscates in the heavens and lights the way to a better life.

It is our sincere wish that this inspired gathering will gain some of those objects so sacred to us all, and that the results of this all-important conference will stand as an achievement that will long be remembered in the annals of our great fraternity.

**MAURICE A. ANGELLE,**

President Moose Jaw Lodge;  
1st Vice-President Western Canadian Council B'nai B'rith.

The past decade has brought many changes in outlook. While maintaining its fundamental ideals the B'nai B'rith too, has changed with the times. In structural aspect it is now neither independent nor exclusive. In concept it is broader, for it aims at an enlarged, unified, well-being of the masses. The second annual Western B'nai B'rith Conference at Calgary is a step in line with this new concept, for it affords an opportunity for the members of the Western communities to get together and exchange views.

On behalf of Calgary B'nai B'rith and this community, I extend a hearty welcome to our guests and visiting delegates of the West. It is well that at such troublous times as these, we should meet not only for a scholastic exchange of theory, but that we should draw closer to one another in a social and practical way, for thus alone can we gain the confidence and strength to carry on in a none-too-friendly world. And so we hope that of the hours spent in conference, many will remain to renew old acquaintances and make new friendships. Calgary's hospitality is yours; we hope you will share and enjoy it. WITH THE COMPLIMENTS  
AND  
BEST WISHES FROM THE  
OFFICERS AND MEMBERS OF

Winnipeg Lodge  
No. 650  
B'nai B'rith

I appreciate this opportunity to commend the B'nai B'rith of Western Canada for the unity of spirit and the harmony of purpose which is symbolized in your gathering. A proper understanding of our common welfare will ensue from the contacts afforded by such a conference as yours and I bespeak for your meeting a determination and a spirit that will bring to it the success which it merits.

The impact of world events has had serious repercussions on our continent. There is a tidal wave of propaganda circulating our continent. Half truth and deliberate falsehood are resorted to in the spoken and the printed word. The radio and the screen and every available medium of public and private information are utilized.

In normal times, the public mind is not very receptive. Periods of economic dislocation, labor friction and intense political partisanship, create unemployment and cultivate a fertile field in which to sow the seeds of misunderstanding and prejudice. The events which transpired in many European countries followed a set pattern. Without much difficulty, we discerned the attempts to trace similar patterns on the broad scene of life on our continent. The Canadian spirit like the American, is opposed to the objectives and the methods employed. It is imperative, however, to preserve this spirit. If it be sustained unimpaired, then neither the Jewish nor any other minority has occasion for apprehension. The preservation of the Canadian ideal therefore becomes your objective, one which without taint of selfishness and from the highest patriotic impulse may be assiduously pursued.

For many years, the Anti-Defamation League has concentrated upon this task. B'nai B'rith in the very nature of its organizational spread is unique in the field of Jewish agencies to promote such a service. On the continent of North America, this philosophy has been marked by a passion for democracy. Such a passion is not sufficient if it be narrowly focalized. Every Ben B'rith may share this passion but it must be translated by every day expression and every day relations. To work with all groups is truly democratic. To effect equitable relations between employer and employee within the individual's capacity marks a loyalty to democracy. To meet with tolerance and understanding, every situation which confronts the individual or the community shows democratic understanding. Let it therefore be the aim that in every avenue of social expressions, we who should so well understand the spiritual value of the democratic ideal bestir ourselves to manifest in the highest degree these qualities which we seek to find or to develop in others. Thus can we make democracy dynamic, thus do we fortify it against the onslaught of more dynamic and less deserving social and political philosophies.

When you entertain at home, perhaps you wonder how many different beverages you ought to serve. Some guests like this, and some like that, and some are finicky about what they drink. Here's an easy answer to the question: Serve 7 Up! Everybody likes clear, sparkling 7 Up. And even the particular guests, who don't approve some beverage, welcome 7 Up. If you want to please every guest at your party, serve 7 Up, the friendly, fresh-up drink. Order a case from your dealer. You like 7 Up . . . . . and . . . it likes you . . and you . . and you!
